

**CITY OF DANA POINT
MEMBER OF THE CITY COUNCIL**

GREG POWERS

AGE: 39

OCCUPATION: Dana Point Planning Commissioner

There's no better place to live and raise a family than Dana Point.

As your Planning Commissioner and thirteen year resident, I have the proven leadership and experience to enhance and protect Dana Point. I fully understand the many issues facing our town. I've made the tough decisions and will continue to do so.

To ensure the best for Dana Point, I'm focused on:

- Preserving our Quality of Life and Property Values
- Encouraging Homeownership in Lantern Village
- Dana Point Harbor- It's our jewel and we should control its destiny
- Town Center.

You've elected me twice to the Orange County Central Committee and I am Dana Point Co-Chair for President Bush. I've earned endorsements and support from many civic leaders.

Improving our quality of life extends to our Beaches and Parks. Our tax dollars should be invested in Safe Neighborhoods, Clean Oceans, and projects that enhance Dana Point's small-town atmosphere. This is our town and I will never let Dana Point become another Santa Monica.

I teach at our church and support strong family values. My wife Laura and I are raising three wonderful children; Jessica, Emily and Christopher. This town is their future too.

Please join Dana Point community leaders and residents-Vote Greg Powers for Dana Point City Council.
